Preface

In this issue, we present a collection of papers based on presentations given at the symposium, "Grassroots Perspectives on Multiculturalism and Cohesion in Japan and the UK" on 22 November 2010 at Meijo University.

We would like to express our appreciation to the Meijo University Law Association for providing us with the opportunity to publish these papers. It is of great significance to be able to present collaborative research with professionals in the field of multicultural and integration policy in Japan and the UK.
